***This school believes that it is always unacceptable for a child to experience abuse of any kind. We recognise our responsibility to safeguard the welfare of all children.***

***We will provide staff and volunteers with guidance to follow when they suspect a child may be experiencing abuse or at risk of harm. We will work co-operatively with other agencies to safeguard and promote the welfare of children. We will ensure that our concerns about our pupils are discussed with parents/carers first - unless we have reason to believe that such a move would be contrary to the child's welfare.***

***South Bromsgrove High is committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share this commitment.***

***We will review our policy and procedures on an annual basis.***
